

January 5, 2021

Attn: John R. Schwartz

I wanted to express my appreciation to Green Mountain and it's staff. The customer support, and service provided to Swinerton Builders was exceptional from start to finish. Your staff's knowledge on renewable diesel was instrumental in meeting the projects stringent fuel requirements. I want to also acknowledge your exceptional delivery drivers. Our regular scheduled deliveries were always on time and our tank was always kept full. The quick deliveries helped Swinerton Builders eliminate refueling down time and allowed us to be more productive. I am looking forward to working with Green Mountain on our next project.

With Appreciation,

Jesus Villarreal
Sr. Project Manager
Swinerton Builders
